The Impact of Isolation

Beautiful colors, falling leaves, a chill in the air! The seasons are changing, and before we know it, those bitter winter days will be upon us, and we’ll be thinking about hibernating! The winter season can be an isolating time for us folks living in the Minnesota tundra. In fact, according to a recent study conducted by AARP, an estimated 1 in 5 adults over the age of 50 are affected by isolation. Further research has indicated that prolonged isolation can be as bad for your health as smoking 15 cigarettes a day!

There are many causes for isolation as we age. Circumstances can change such as health issues, retiring from a job, moving someplace new, or becoming a caregiver for someone. When these changes take place, we may not always recognize the impact they have right away, but they put us at risk for negative health effects. According to research by the Journal of Health and Social Behavior, negative health effects of isolation and loneliness are associated with higher rates of:

- Chronic health conditions, including heart disease
- Weakened immune system
- Depression and anxiety
- Dementia, including Alzheimer’s disease
- Admission to nursing homes or use of emergency services
- Death

The good news is you can do something about this! This season’s catalog is full of new classes, activities, and series, as well as those that are tried-and-true crowd-pleasers. Take a peek at what’s being offered. Perhaps try a class to learn something new, join us for an Armchair Traveler to take a Scandinavian trip, or revisit a past hobby! Invite a friend or neighbor to join you. There are also opportunities to volunteer in service to others. So get out and about this season and try something new!

**Secrets of the Congdon Mansion**  
Thursday, October 12  
5:30–7 PM on the Lyngblomsten campus, Community Room (lower level)

Kimball will talk about his book, *Secrets of the Congdon Mansion*, a behind-the-scenes look at Minnesota’s most infamous murder case: the Congdon murders. In 1977, heiress Elisabeth Congdon, 83 years old, was smothered in bed inside the 39-room Glensheen Mansion in Duluth. Her nurse was bludgeoned on the grand staircase. Kimball covered the case for the newspaper, and his best-selling book includes the startling aftermath of bigamy, arson, suicide, and more mysterious deaths. Glensheen Mansion has become a popular tour site on the shores of Lake Superior, but the guides won’t tell you much about the case. Kimball had a front-row seat to Minnesota’s most publicized and sensational murder case, covering it from start to finish as a reporter for the *Star Tribune*. We will offer wine, non-alcoholic beverages, cheese, and crackers to enjoy throughout the presentation.

**Fee:** $6

**Martin Luther the Pastor: Writings and Reflections**  
Thursday, November 9  
5:30–7 PM on the Lyngblomsten campus, Community Room (lower level)

2017 marks 500 years since Martin Luther published his 95 theses and launched the Protestant Reformation. Luther is often thought of as a stalwart reformer and a brilliant theologian, but few think of him as a dedicated and thoughtful pastor. The fourth volume of the new *Annotated Luther* series considers his pastoral writings and looks at Luther as a preacher, teacher, and consoler—roles that he saw flowing out of his theological insights. Professor Haemig of Luther Seminary, editor of this volume, will discuss how it gives us insight into Luther the pastor. We will offer wine, non-alcoholic beverages, cheese, and crackers to enjoy throughout the presentation.

One-on-one caregiver support, education, and counseling. REACH is a proven approach used by caregiver consultants to support those who are caring for someone with Alzheimer’s or a related dementia. The goals are to teach caregivers how to reduce stress, solve problems, manage difficult behaviors the person with memory loss may display, feel confident in the care they provide, and improve their ability to cope. Four core sessions are offered and tailored to what the caregiver needs most.

REACH in Minnesota is supported, in part, by grant number 90AL0007-01-00 from the US Administration for Community Living, Dept. of Health and Human Services, Washington, D.C., and the Minnesota Board on Aging, St. Paul, MN. Partners include the Arrowhead Area Agency on Aging and the Metropolitan Area Agency on Aging.

Fee: Sliding scale

A panel will share how this program has worked in their faith communities. Bring a group from your congregation.

Presenters: Marilyn Sharpe, author of Abundant Aging; Noreen Buhmann, Sr. Program Manager, Abundant Aging; and Roxanne Jenkins, AVP Older Adult Services
