## LYNGBLOMSTEN HAS A PHILOSOPHY—

*"Wherever you are on life's journey, live the best life possible."*

The best life possible does not just happen. It takes a commitment to a clear mission, a thoughtful plan, and perseverance. And it takes people—a network of partners, including families, faith communities, donors, sponsors, and volunteers—working together to make that happen.

This has been the story of Lyngblomsten for more than a century. Since 1906, Lyngblomsten and its partners have not simply cared for seniors, but more significantly have honored Lyngblomsten's promise to provide unmatched person-centered experiences, valuing participants for who they are and respecting their right to make choices and decisions.

Partnering with Lyngblomsten means that you are aligning your company with an organization that has a long and successful history, has a stellar reputation, and is committed to the compassionate and innovative care of older adults. **You can be assured that your sponsorship dollars are making a difference.** The following are a few examples of that impact.

### COMMUNITY SERVICES

Your sponsorship dollars help provide for evidence-based wellness classes and resources, social engagement, and caregiver support for older adults. These programs are accessed through 2nd Half with Lyngblomsten, our array of community-based services for those living in their own homes. We all seek to find peace and security in our own homes and hope to stay there as long as possible. These programs do just that for hundreds of older adults, and is where Lyngblomsten begins the journey with them.

*"I hope as we move forward that those who are able will help Lyngblomsten to continue offering programs that bring joy, knowledge, humor, kinship, movement, artistic expression, and spiritual solace. We are a loving village."*

—Jan Marie Lundgren,  
Participant in  
2nd Half with Lyngblomsten

### GOOD SAMARITAN FUND

Your sponsorship dollars help support the Good Samaritan Fund, which provides home health care for qualified tenants living in the Lyngblomsten Apartments, a HUD-subsidized apartment building. Staying in one's own home makes aging so much easier, and home health helps make that possible for our tenants. No one appreciates your support more than these folks do!

### ARTS & LIFELONG LEARNING

Your sponsorship dollars help provide for the artists and teachers who bring their expertise, skills, and high-quality supplies to the Lyngblomsten community. Activities like painting a watercolor, singing a song, or attending a Smartphone 101 class may seem small on their own, but they have a significant impact on people as they age by helping improve their physical health, cognition, self-esteem, and mood.
